**SCENERY BY SCAVOLINI**

Designed by King&Miranda, the Scenery kitchen was conceived for those who love to cook and entertain. Its open plan is a direct response to the growing need for a kitchen that seamlessly opens up into a living area and vice versa. It was recently updated in Gres, a thin porcelain stoneware coating that lends a contemporary and modern touch to classic cabinetry. *Shops 9-11, The Peninsula Manila. 812.3456.*
